

## Small Grants 2021: Key Facts

### **Small Grants Plus Programme opening September 2021 with funding available of between £10k –£30k for local road safety pilots and trials**

#### **Who can apply?**

Local Authorities, Police Forces, Fire and Rescue Services, UK-based registered charities, universities, or community interest companies can apply. Organisations must be legally constituted to apply.

#### **How do you apply for funding?**

We will be accepting applications from 9 September until 18 October 2021. Applications should be made via our on-line portal on our website. You will hear the outcome of your application in December or January 2022.

#### **What type of projects can apply?**

Projects should have a practical purpose with the aim of trialling or testing ways to improve road safety.

#### **How much funding is available?**

The total amount of funding available is £120k and each project can apply for between £10k - £30k over a maximum of two years.

#### **How do I find out more?**

More details about the programme criteria are available in the Grants Guidance on our website here: <https://www.roadsafetytrust.org.uk/small-grants>

#### **Is funding available for larger projects and for research?**

Next year we plan to relaunch our themed funding round on the subject of fitness to drive. Larger grants can be applied for in that round of up to £200k over three years.

#### **What if I have more questions?**
